## PDM-300

- Power of the machine 300 Tm.
- Activation of the machine by means of 4 double effect cylinders.
- Lower plate removable: 1.700 x 1.700mm.
- Distance of removable plate: 1.200 mm.
- Maximum load on the removable plate: 8.000 Kg.
- Upper plate dimensions: 1.700 x 1.700 mm.
- Maximum opening between plates: 3.400 mm.
- Stroke of the cylinder: 1.000 mm.
- Useful front dimension: 2.300 mm.
- Approximation speed: 1.000 mm/min.
- Work speed: 150 mm/min.
- Activation by means of two-hand safety control.
- Weight: 20.000 Kg.
